III. Continuing Education Summary:

Forest Product Harvesters must submit 3 Continuing Education Units (CEU's) each two-year period of their certification for a total of 6 units over the duration of their current certification. Failure to do so will result in the revocation of their certification or denial of their renewal application.

Proof of attendance to an educational event approved by CT DEP's Division of Forestry must be submitted in order to receive CEU's. The only proof accepted by the Division of Forestry is an original Certificate of Completion from the course or workshop sponsor that contains the following information:

The title of the course or workshop

The date it was taken

The name and certification number of the attending practitioner

An original signature from a representative of the course or workshop Sponsor

Certificates of Completion should be attached to the Annual Report being submitted. As a future option, practitioners are encouraged to submit the Certificate of Completion immediately upon completing the course or workshop. Please mail course certificates to the attention of the Forest Practices Act Program, Division of Forestry, 79 Elm Street, Hartford, CT 06106.

It is the responsibility of the practitioner to obtain a Certificate of Completion from the course or workshop sponsor and submit it to CT DEP's Division of Forestry. The Division of Forestry staff will not obtain and submit this information for you.

Note that all educational events must be evaluated and awarded CEU's by the CT DEP's Division of Forestry before CEU's are granted. For events that have already been awarded CEU's, you only need to submit the Certificate of Completion as proof of attendance. For events that have not been awarded CEU's, you must submit proof of attendance AND a copy of the event's program or agenda. The agenda must include the program title, date held, length of the program in hours, the instructors name, the program sponsor, and identify a contact person.
